

Academic Seminar: WCNE2017 is Calling for Papers

December 24-25, 2017, Xiamen, China

<http://www.wcne2017.org/>

Welcome to WCNE2017

2017 2nd International Conference on Wireless Communication and Network Engineering (WCNE2017), which will be held from December 24-25, 2017 in Xiamen, China.

WCNE2017 will continue to serve people as one of the most important international activities in Wireless Communication and Network Engineering fields. It will provide a high qualified forum for its participants to access the most knowledge in related fields. Welcome scholars and researchers working in the fields to share your experiences and develop opportunities for cooperation.

Publication

All employed and registered papers will be published on the **Journal of DEStech Transactions on Computer Science and Engineering** with ISSN: 2475-8841, ISBN and DOI, and will be submitted for indexing in **EI Compendex, Thomson Reuters Web of Science CPCI-S (ISTP indexing) and CNKI Scholar** for worldwide online citation.

Excellent papers will be selected and published on SCI and EI journals.

DEStech Publications Proceedings indexed by EI Compendex and CPCI-S(ISTP) as below:

Lateral Control for Magnetic Navigation Intelligent Vehicle Considering the Intersection

By: [\[Author Name\]](#)

Book Group Author(s): DeStech Publicat Inc.

Pages: 51-58
Published: 2015

About submission

Full English papers should be submitted by mail to cfp@wcne2017.org or wcne2017@sina.com. All the submissions are double blind reviewed, both the reviewers and the authors remained anonymous.

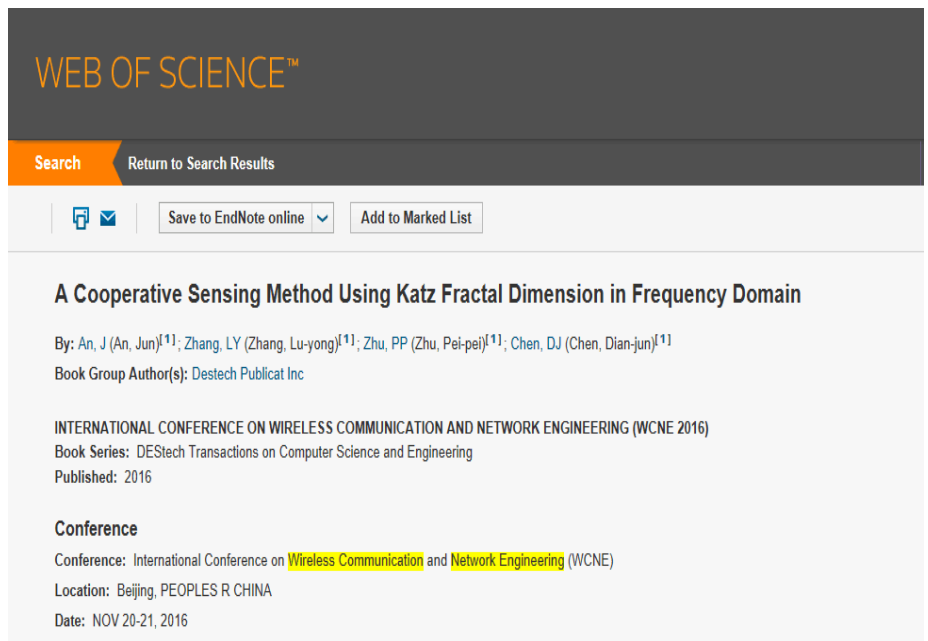

Topics (include, but are not limited to:)

 Wireless Communication	 Information Theory, System, and Technology
 Network Engineering	 Computer-aided Geometric Design & Simulation
 Wireless sensor networks	 The theory and method to compute the service
 Communication and System Security	 Internet and Intranet Technologies and Services

History

The First WCNE was successfully held in Beijing, China on November 20-21, 2016. The proceedings of WCNE2016 have been published by DEStech Publications and indexed in CPCI-S (ISTP indexing).
